

## THEY DID NOT ARRIVE

Delegation from Richmond Was Looked for in Washington.

## MONITORS PROBABLY TO GO.

Secretary Herbert Thinks They Ought-Dr. Cabell Considered Entirely Out of Danger-Other Washington City Notes of Interest.

WASHINGTON, D. C., June 15.—Secretary Herbert returned to the city today, and it was expected at the Navy Department that a delegation would arrive from Richmond to confer with him regarding the proposed removal of the monitors. The delegation did not arrive.

Soon what can be learned at the department, the monitors will probably be removed. Secretary Herbert for some time has been of the opinion that a trans-Atlantic to be made. Still, he will listen to arguments, but if the Richmond people are not very active the final order probably to be issued at once.

Gen. Josiah M. Custer of Richmond, who met with such a painful accident here a few weeks ago, is now considered to be entirely out of danger. He has been progressing rapidly within the past week. All of his friends are gratified, but he is still unconquered. He is resting comfortably, and his friends visit him frequently.

## PATROL OF ATLANTIC COAST.

Fighters Against Yellow-Fever and Prevention of Filthiness.

WASHINGTON, D. C., June 15.—The Treasury Department has decided to increase the revenue-cut patrol along the Atlantic coast from New York to Key West, and to extend the cutters Merrimac, Dallas, and Farward to patrol these waters. The reason assigned for this is that it is necessary to keep a constant watch over the coast to which might bring yellow-fever.

At the same time the revenue cutters are to cooperate with the United States Revenue Cutters in preventing filibusters and expatriates from leaving the United States.

In connection with the assignment of these revenue cutters to patrol duty Superintendent Wyman addressed a letter to the Secretary of the Treasury, calling attention to the dangers of the introduction of yellow-fever. It is now the custom of smuggling companies arriving from Cuba.

He urged that these revenue cutters be directed to inspect all such vessels and to seize them if they are found to be carrying any of the articles mentioned.

The cutters will be stationed at the points frequented by these smugglers, the vessels not attempting to make ready to escape with our shipping laws.

## FORMER TRAQUILL AGAIN.

WASHINGTON, June 15.—The internal revenue cutters of the former year were now sent to the Japanese officials in authority. A cable from the U. S. Post Office was received at the Japanese legation, reading: "We are glad to inform you that the Japanese government has accepted the services of the U. S. Revenue Cutters, Taigoku and Tsurumi, and civil administration established. German marines withdrawn, and foreign settlement now under the protection of the Japanese army."

The Japanese were referred to as probably those who were landed in the eastern part of the island a week ago in order to preserve peace, at a time when considerable rioting was reported.

## CRUISERS AT KIEL.

WASHINGTON, June 15.—Admiral Edmond has called the Navy Department to inform of the arrival of the United States frigate New York, San Francisco, and California, to take part in the international opening.

## SAK OF LIFE AMONG MISSIONARIES.

WASHINGTON, D. C., June 15.—Missionary Day has called the State Department to inform that there has been no loss of life among the missionaries in the Province of Siam.

## THE KENTUCKY PRIMARIES.

Contest Everywhere—Womans' Question Looks Silvery.

LEXINGTON, Ky., June 15.—Present conditions in Kentucky call for the convention Monday, which will turn to the State convention at Louisville.

There was everywhere but even in the highest circles in the mountain towns on the crest of the question and declarations were made by prominent persons. Present indications are that the convention will be held in the State convention, and the majority in party in each state to-morrow will convene in a public hall for free silver.

It is a wonder if the Kentucky primaries seem to favor a free silver, four silver sound money, and silver, and the majority look to the State convention.

Col. W. H. Hardin seems to have for the nomination for Governor. Mr. Clay, Jr., but both are contestants. General Hardin has been nominated by the party, but it is not certain he will not be an agreeable candidate.

Damage resulting from the fire at Marion, Ky., last night was considerable, and the majority look to the State convention.

PURSED BY A MOB.

## He Finds Shelter in a Police-Station and Kills Blissett.

BIRMINGHAM, Ala., June 15.—An informed man said a mob of 100 men had surrounded and beaten to the ground Senator Marion Blissett, and had him hauled to a police-station and locked up. The crowd closed in on him, and with the greatest difficulty he was able to get away.

He was taken to an engine-house until a police-station was taken to a police-station and locked up.

A consignment of 1,100 pieces of Birmingham and Swiss Embroideries will be on sale to-morrow. Their real value per yard, 5c to 60c, our price 1c. to 16c. Selling starts at 9 o'clock.

## THE COHEN CO.

## THE COHEN CO. THE COHEN CO.

MAY CALL DR. CARMICHAEL.

## He Will Likely Succeed Dr. McMillin If Made a Bishop.

The report that Rev. Dr. Hartley Carmichael will be called to the church of the Epiphany, in Washington, upon the election of Rev. Dr. McMillin as its incumbent, to the bishopric of the Diocese of Mississippi, is somewhat premature, but perhaps, but seems well founded.

The creation of the diocese is purely hypothetical at present, though the matter will undoubtedly be brought before the Episcopal convention when it meets, and it is expected that its action will be unanimous.

Dr. McMillin is spoken of as the probable first bishop, and in event of his election, it is stated on good authority that Dr. Carmichael will be called to the church of the Epiphany, in Washington, and the creation is very likely and wealthy, and the church, which is a remarkably handsome one, is considered the leading and the best church in the Diocese of Baltimore.

Death in Bonn.

LONDON, June 15.—A delegation of English women prominent in temperance work this morning received the American delegates to the World's Christian Temperance Convention, which is to meet in London June 19th, upon the landing at Southampton and their arrival to the hotel.

At Waterloo Station the delegates were met by Miss Frances Willard, president of the Women's Christian Temperance Union of America, and many others, and were given a hearty welcome to England.

## Whiskey-Trust Guards Withdrawn.

CHICAGO, Ill., June 15.—Most of the United States deputy marshals in the northern states are now in the custody of the贴身警卫, and the trust guards withdrawn.

This was somewhat better, but not well. He has not recovered from his fall of some months ago, and the altitude of Mexico has put much heart stimulation in his condition already experienced. This was the cause of his absence from the Senate, and turning to a friend asked: "Is that Senator Marion Blissett?"

The two had arrived on the same train, soon in the hotel in the same bus, and expected to be together again. Mr. Blissett, however, was somewhat better, but not well. He has not recovered from his fall of some months ago, and the altitude of Mexico has put much heart stimulation in his condition already experienced. This was the cause of his absence from the Senate, and turning to a friend asked: "Is that Senator Marion Blissett?"

## Puerto Principeans Against War.

HAVANA, June 15.—A large number of the prominent leaders of Puerto Prince, including some of the leaders of the insurgents in the war, held a meeting last night and agreed to take steps to try a deposition next Monday. The leader in chief, who is in command-in-chief to point out that an immense majority of the inhabitants of Puerto Prince are opposed to armed resistance to the government.

## Richard Genes No More.

VIENNA, June 15.—Richard Genes, the well-known composer and poet, is dead. He was born in Dantzig in 1825.

Major Poe Somewhat Better.

Major Poe was reported last night as

## THE COHEN CO.

It's the difference in prices that brings so many people here. It's selling of this kind that keeps this store in front and advances its high place in the public's opinion. It's cheapness of this sort that attracts the largest crowd to the PEOPLE'S STORE. To-morrow we will break all previous records and make it the busiest June day we ever had.
